Commissioner's Guideline No. #3/95

Guideline for Selecting the Nearest Designated Assessment Centre

This Guideline is issued pursuant to Section 268.3 of the Insurance Act.

The purpose of this Guideline is to assist insurers and claimants in arranging assessments at designated assessment centres (DACs) at the earliest convenient time and to resolve operational and interpretive

issues concerning the selection of a DAC that is nearest to the residence of an insured person.

Directrice, Direction des compagnies

Sections 39, 45, 50, and 64 of the Statutory Accident Benefits Schedule (SABS) provides that where an assessment is requested, it is conducted by the DAC "nearest to the residence of the insured person" that is authorized to assess impairments of the type sustained by the insured person.

It is expected that the DAC will promptly arrange for the assessment. The Guidelines for Designated Medical and Rehabilitation Assessment Centres, Guidelines for Designated Disability Assessment Centres, and Guidelines for Designated Attendant Services Assessment Centres established by the Accident Benefits Advisory Committee set out a time frame of 14 days for the intake phase of the assessment process once the complete referral package is received. This phase includes setting up appointments with the assessor(s). This standard was established to ensure that insurers and claimants are provided with opinions regarding disability or treatment and services as quickly as possible.

However, DACs may not always be able to accommodate referrals within the 14-day time frames established by the Accident Benefits Advisory Committee because of volume, staff vacations and other commitments. In these instances, insurers and insured persons should interpret the SABS as requiring the assessment to be conducted by the DAC next closest to the claimant's residence that can accommodate the parties within 14 days of receiving the complete referral.

Where a DAC is unable to meet the 14-day time frame, it should advise the insurer arranging the DAC assessment and confirm this in writing, in order to allow the next nearest DAC to be notified without delay.

Lignes directrices du commisaire nº. #3/95

Directive relative au choix du centre d'évaluation désigné le plus proche

La présente directive est émise conformément à l'article 268.3 de la Loi sur les assurances.

Cette directive a pour but d'aider les assureurs et les demandeurs à prendre des arrangements pour que des évaluations soient effectuées dans les centres d'évaluation désignés (CED) dans les plus brefs délais possibles et de régler des questions d'interprétation et d'application concernant le choix du CED le plus proche du domicile de la personne assurée.

En vertu des articles 39, 45, 50 et 64 de l'*Annexe sur les indemnités d'accident légales*, lorsqu'une évaluation est demandée, elle est effectuée par le CED «qui est situé le plus proche de l'endroit où se trouve la personne assurée» et qui est autorisé à évaluer les déficiences du type de celle dont souffre cette personne.

On s'attend à ce que les CED procèdent promptement à l'évaluation. Les Lignes directrices concernant les Centres désignés d'évaluation des soins médicaux et de réadaptation, les Lignes directrices concernant les Centres désignés d'évaluation d'invalidité et les Lignes directrices concernant les Centres désignés d'évaluation des services de soins auxiliaires établies par le Comité consultatif sur les indemnités d'accidents prévoient un délai de 14 jours pour l'étape de l'examen du dossier de la procédure d'évaluation une fois que le dossier complet d'aiguillage est reçu. C'est àcette étape que l'on prend les rendezvous avec les évaluateurs. Cette norme permet aux assureurs et aux demandeurs d'obtenir un avis sur l'invalidité ou un traitement et les services offerts le plus rapidement possible.

Toutefois, il se peut que les CED ne soient pas toujours en mesure de s'occuper des aiguillages au cours de la période de 14 jours fixée par le Comité consultatif sur les indemnités d'accidents, en raison du volume de travail, des congés des employés et d'autres engagements. Dans ces cas, les assureurs et les personnes assurées doivent interpréter l'Annexe sur les indemnités d'accident légales de la façon suivante : l'évaluation doit être effectuée par le deuxième CED le plus proche du domicile du demandeur et qui peut s'occuper du cas des parties en cause dans les 14 jours de la réception du dossier complet d'aiguillage.

Lorsqu'un CED ne peut respecter le délai de 14 jours, il doit en aviser l'assureur en cause et confirmer ce fait par écrit afin que le CED qui vient au deuxième rang pour ce qui est de la distance puisse être informé de la situation sans tarder.

Erratum Notice Avis d'Erreur

Ontario Corporation Number 149572

Vide Ontario Gazette, Vol. 128-1 dated January 7, 1995.

The Corporation Kawneer Employees (Toronto) Credit Union Limited incorporated under and remains subject to the *Credit Unions and Caisses Populaires Act* and not the *Business Corporations Act*.

Accordingly, the order dated December 12, 1994 cancelling the corporation under section 241 (4) of the *Business Corporations Act* for default in complying with the *Corporation Tax Act* is nullity.

The corporation has, therefore, been returned to active status.

Numéro de société en Ontario: 149572

cf. Gazette de l'Ontario Vol. 128-1 datée du 7 janvier 1995.

La société Kawneer Employees (Toronto) Credit Union Limited a été constituée en vertu de la *Loi sur les caisses populaires et les credit unions* et demeure régie par cette loi et non par la *Loi sur les sociétés par actions*.

Par conséquent, l'ordre daté du 12 décembre 1994 visant à annuler le certificat de constitution de la société en vertu de l'article 241 (4) de la Loi sur les sociétés par actions pour défaut de se conformer à la Loi sur l'imposition des corporations est déclaré nul et non avenu.

ENVIRONMENTAL ASSESSMENT ACT SECTION 14

NOTICE OF APPROVAL TO PROCEED WITH THE UNDERTAKING

RE: An Environmental Assessment for the Essex-Windsor Regional Landfill Site

Proponent: The County of Essex and the City of Windsor

EA File No.: MU-0178

TAKE NOTICE that the period for requiring a hearing, provided for in the *Notice of Acceptance of the Environmental Assessment* for the undertaking, expired on April 25, 1995. I have received one notice requiring a hearing by the Environmental Assessment Board with respect to approval to proceed with the undertaking.

Having considered the purpose of the Act, the Environmental Assessment of the undertaking as accepted and the submission received, I hereby give approval to proceed with the undertaking, subject to the terms and conditions set out in Attachment #1:

REASONS:

My reasons for giving approval are:

- 1. On the basis of the proponent's Environmental Assessment and the Review, the proponent's conclusion that, on balance, the advantages of this undertaking outweigh its disadvantages appears to be valid.
- No other more beneficial alternative method of implementing the undertaking was identified.
- The efforts made by the proponent at the beginning of the site selection process to solicit private proposals for operating a landfill site to serve the County and the City were adequate.
- 4. On the basis of the proponent's Environmental Assessment, the review and the conditions of approval, the construction, operation and maintenance of the undertaking will be consistent with the purpose of the Act (section 2).

Dated this 10th day of August, 1995 at TORONTO.

BRENDA D. ELLIOTT, Minister of Environment and Energy 135 St. Clair Avenue West 12th Floor Toronto, Ontario M4V 1P5

LICENCES D'EXPLOITATION D'UNE ENTREPRISE DE CAMIONNAGE DEMANDÉES EN VERTU DE LA PARTIE II

On trouvera ci-après la liste des demandes de licences d'exploitation d'une entreprise de camionnage extra-provinciale présentées en vertu de la partie II de la Loi de 1987 sur les transports routiers, L.C. 1987, chapitre 35. On a jugé que les personnes ayant présenté ces demandes se conformaient aux critères d'aptitude prévus au paragraphe 8 (2) de la Loi. L'office des transports de l'Ontario propose donc de délivrer ces licences si aucun avis d'objection n'est signifié à l'auteur de la demande et déposé auprès du registrateur des véhicules automobiles dans les trente jours suivant la publication des présentes.

ENVIRONMENTAL ASSESSMENT ACT SECTION 14

NOTICE OF APPROVAL TO PROCEED WITH THE UNDERTAKING

RE: An Environmental Assessment for the Waterfront West Light Rail Transit

Proponent: The Municipality of Metropolitan Toronto and the Toronto Transit Commission

EA File No.: TP-TT-02

TAKE NOTICE that the period for requiring a hearing, provided for in the *Notice of Acceptance of the Environmental Assessment* for the undertaking, expired on May 26, 1995. I have received no notices requiring a hearing by the Environmental Assessment Board with respect to approval to proceed with the undertaking. I do not consider it necessary or advisable that a hearing be held.

Having considered the purpose of the Act, the Environmental Assessment of the undertaking accepted as amended and the submissions received, I hereby give approval to proceed with the undertaking subject to the following terms and conditions:

- Except as otherwise provided by these conditions, the undertaking shall be carried out in accordance with the provisions of the Environmental Assessment (EA) as amended and accepted, which are incorporated herein by reference.
- 2. In the event a Transit Class Environmental Assessment (Class EA) has been accepted and an approval relating to it has been issued, that Class EA may be used instead of the procedure provided for in condition 4.
- 3. The proponent shall comply with all commitments made in the environmental assessment document and amendment letters for this undertaking (Review Appendix 1), as well as all commit-

ments made in the responses provided to the EA Branch and the government reviewers which are attached in Appendix 2 and Appendix 4, respectively, of the Review.

- 4. The revised draft amending procedure dated February 7, 1994 as submitted by the proponent to the EA Branch replaces the amending procedure described in Chapter 11 of the EA. This revised procedure prescribes the planning process to be followed by TTC for addressing changes to the undertaking for which approval was given.
- The proponent will involve the Metropolitan Toronto Police at the design stage to ensure safety and crime prevention through environmental design, and prepare contingency plans for public safety and hazard analysis.
- 6. Supplementary assessment of the noise and vibration impact shall be performed in accordance with the MOEE/TTC Noise Protocol, at the design stage of the project. The report of the assessment shall be submitted to the Director of the Approvals Branch of the MOEE for approval 90 days prior to construction and construction shall not commence until approval has been obtained.
- 7. Prior to commencement of construction under each construction contract of this undertaking, the proponent shall prepare a material and soil management strategy for the excavation and movement of any contaminated material for each phase of the proposed construction. This plan shall consist of a phased approach and include focused intrusive investigations and remedial design and implementation, including a comprehensive geotechnical and hydrogeological investigation where applicable. This Ministry endorses recycling of any asphalt material that would not be reused in the construction of this undertaking.
- 8. Prior to commencement of construction under each construction contract of this undertaking, the proponent shall obtain any permits under Section 20 (3) of the *Ontario Water Resources Act* which will be required. The application for any permit shall be accompanied by a letter from the municipality acknowledging its permission to permit the discharge of dewatering effluent into the sanitary or storm sewer.
- Prior to any design or construction of the undertaking west of the Humber Loop, the location of the terminus station will be reviewed in light of the prevailing conditions at that timé.

This review will be carried out by Metro/TTC. Metro/TTC shall invite the cooperation from The Corporation of the City of Etobicoke and GO Transit. Metro/TTC shall carry out the review in cooperation with those parties which shall accept the invitation. The Government of Ontario will review the Terms of Reference for the review in consultation with Metro/TTC and those agencies which have accepted the invitation. The review shall also involve public participation. The Review shall be forwarded to the Environmental Assessment Branch to be placed on the public record. Insurance Act Loi sur les assurances

GUIDELINE FOR IDENTIFYING INDIVIDUALS WHO QUALIFY FOR EDUCATION DISABILITY BENEFITS

This guideline is issued pursuant to Section 268.3 of the *Insurance Act*.

This guideline is to be considered when determining whether an insured person qualifies for education disability benefits.

For the purposes of the Statutory Accident Benefits Schedule (SABS), an individual may qualify for education disability benefits if he or she can be described as:

- pre-school age at the time of the accident and continues to have a disability which causes the child to miss a year of school, or
- 2. enrolled on a full-time basis in an elementary education level, or
- 3. enrolled on a full-time basis in a secondary education level, or
- enrolled on a full-time basis in a post-secondary education level, or
- 5. completed school within one year prior to the accident.

DEFINITIONS:

Elementary education level

includes kindergarten to grade eight at a public school, separate school or private school of equivalent level, approved by the minister responsible for education or schools in other jurisdictions approved by a comparable authority.

Secondary education level

includes grades nine to thirteen or equivalent, at a school that is under the jurisdiction of a secondary school board or a private school of equivalent level, approved by the minister responsible for education or schools in other jurisdictions approved by a comparable authority.

Post-secondary education level

includes programs taken at community colleges, universities and equivalent institutions approved by the minister responsible for education or programs taken at institutions in other jurisdictions with approval by a comparable authority.

TYPICAL SITUATIONS:

1. Pre-School Age

These individuals are normally children under age five on the date of the accident. They do not qualify for education disability benefits at the time of the automobile accident.

The individual would qualify for the lump-sum benefit at the age at which he or she would have started elementary school, provided the impairment sustained in an automobile accident prevents him or her from successfully completing that year.

2. Elementary Education Level

For the purposes of the SABS, an individual is eligible for education disability benefits if he or she is enrolled and attending a school providing education at an elementary level.

An individual is also eligible for education disability benefits if the automobile accident occurred at the time a school providing the education does not normally operate.

3. Secondary Education Level

For the purposes of the SABS, an individual is eligible for education disability benefits if he or she is enrolled and attending a school providing education at a secondary level.

An individual is also eligible for education disability benefits if the automobile accident occurred at the time a school providing the education does not normally operate.

4. Post-Secondary Education Level

For the purposes of the SABS, an individual is eligible for education disability benefits if he or she is accepted or enrolled in a school providing education at a post-secondary level.

An individual is also eligible for education disability benefits if the automobile accident occurred at a time when he or she does not normally attend classes.

A student who is in a co-operative program and working at the time of the accident is also eligible for education disability benefits.

5. Completed School

An individual qualifies for the weekly education disability benefit if he or she *completed* his or her education within one year prior to an automobile accident and is not employed or in an employment not reflecting his or her education and training.

An individual who withdraws from school also qualifies for the weekly education benefit if the automobile accident occurred within one year of withdrawing from school.

Election

In some cases, an individual may be eligible for another weekly benefit as well as being eligible for the education disability benefit. In these cases, the election under section 61 applies.

DIRECTIVE RELATIVE À L'IDENTIFICATION DES PERSONNES ADMISSIBLES À DES INDEMNITÉS POUR INCAPACITÉ À POURSUIVRE DES ÉTUDES

La présente directive est émise en vertu de l'article 268.3 de la *Loi sur les assurances*.

Il faut tenir compte de cette directive au moment de déterminer si une personne a droit à des indemnités pour incapacité à poursuivre ses études.

Aux fins de l'Annexe sur les indemnités d'accident légales, une personne peut avoir droit à des indemnités pour incapacité à poursuivre ses études si elle répond à l'un des critères suivants :

 elle était d'âge préscolaire au moment de l'accident et elle manque une année scolaire en raison de l'invalidité dont elle souffre toujours;

- elle était inscrite à un programme d'études de palier élémentaire à temps plein;
- elle était inscrite à un programme d'études de palier secondaire à temps plein;
- elle était inscrite à un programme d'études de palier postsecondaire à temps plein;
- 5. elle a terminé ses études à l'intérieur d'une période d'un an avant l'accident.

DÉFINITIONS

Palier élémentaire

comprend le jardin d'enfants jusqu'à la huitième année dans les écoles publiques, dans les écoles séparées, ou dans les écoles privées de niveau équivalent, selon l'approbation du ministre responsable de l'éducation, ou dans les écoles des autres compétences approuvées par une autorité comparable.

Palier secondaire

comprend les années d'études allant de la neuvième à la treizième ou l'équivalent, dans une école qui relève d'un conseil d'écoles secondaires ou dans une école privée de niveau équivalent, selon l'approbation du ministre responsable de l'éducation, ou dans les écoles des autres compétences approuvées par une autorité comparable.

Palier postsecondaire

comprend les programmes d'études dans les collèges communautaires, les universités et les établissements équivalents approuvés par le ministre responsable de l'éducation ou les programmes dans des établissements d'autres compétences approuvés par une autorité comparable.

CAS TYPES

1. Âge préscolaire

Il s'agit normalement d'enfants qui ont moins de cinq ans au moment de l'accident. Ils ne sont pas admissibles à des indemnités pour incapacité à poursuivre des études au moment de l'accident d'automobile.

L'enfant est admissible à des indemnités forfaitaires à l'âge où il aurait normalement commencé à fréquenter l'école élémentaire, à la condition que la déficience résultant de l'accident l'empêche de terminer l'année scolaire avec succès.

2. Palier élémentaire

Aux fins de l'Annexe, une personne est admissible à des indemnités pour incapacité à poursuivre ses études si elle est inscrite à

une école offrant un programme d'études de palier élémentaire et qu'elle la fréquente.

Une personne est également admissible à des indemnités pour incapacité à poursuivre ses études si l'accident d'automobile s'est produit à un moment où l'école offrant le programme d'études n'est normalement pas fréquentée.

3. Palier secondaire

Aux fins de l'Annexe, une personne est admissible à des indemnités pour incapacité à poursuivre ses études si elle est inscrite à une école offrant un programme d'études de palier secondaire et qu'elle la fréquente.

Une personne est également admissible à des indemnités pour incapacité à poursuivre ses études si l'accident d'automobile s'est produit à un moment où l'école offrant le programme d'études n'est normalement pas fréquentée.

4. Palier postsecondaire

Aux fins de l'Annexe, une personne est admissible à des indemnités pour incapacité à poursuivre ses études si elle est acceptée ou inscrite à un établissement d'enseignement offrant un programme d'études de palier postsecondaire.

Une personne est également admissible à des indemnités pour incapacité à poursuivre ses études si l'accident d'automobile s'est produit à un moment où elle n'assiste normalement pas à des cours

L'étudiant ou l'étudiante qui fait partie d'un programme d'enseignement coopératif et qui travaille au moment de l'accident est également admissible à des indemnités pour incapacité à poursuivre ses études.

5. Études terminées

Une personne est admissible à des indemnités pour incapacité à poursuivre ses études si elle avait *terminé* ses études à l'intérieur d'une période d'un an avant l'accident d'automobile et qu'elle est sans emploi ou qu'elle n'occupe pas un emploi correspondant à ses études et à sa formation.

Une personne qui a quitté l'école est aussi admissible à des indemnités hebdomadaires pour incapacité à poursuivre ses études si ce départ s'est produit à l'intérieur d'une période d'un an avant l'accident.

Choix

Dans certains cas, une personne peut être admissible à l'indemnité pour incapacité à poursuivre ses études ainsi qu'à une autre indemnité hebdomadaire. La personne doit alors faire un choix en vertu de l'article 61.
